Monday and Tuesday:
CLOSED

Wednesday and Sunday:
11:00h – 15:00h

Thursday to Saturday:
10:00h – 19:00h

The Ocean Race Museum is the only museum in the world dedicated to the toughest sailing competition that exists: The Ocean Race. An interactive exhibition that covers more than 45 years of history of the Round the World Race and its advances in nautical technology. Showing the human effort that this sport challenge entails, through audiovisual installations, games, models and much more.

Alongside the race around the planet, another colossal effort is taking place: the race for the ocean. The Ocean Race is dedicated to inspiring action to protect the ocean. The museum showcases the important work that is taking place to raise awareness about ocean health and to create our event as sustainably as possible.

SELF-GUIDED EXPERIENCE

There are two ways to experience the museum. One is the free experience, where visitors enter the museum to discover all the details of the race at their own pace. The free experience includes the race simulator **The Ride** to live the race as a crew member, experiencing sailing at more than 30 knots aboard the VO65 and Imoca 60, the state of the art boats participating in the 2022-23 edition of The Ocean Race. No pre-booking is required.

GUIDED EXPERIENCE

With this choice you will discover, with the help of our specialised guides, all the history, secrets and fun facts of The Ocean Race. As part of the guided experience, in addition to the tour of the permanent and temporary exhibition and the race simulator, visitors will climb aboard **Brasil 1**, the Volvo 70 boat that participated in the 2005-06 edition. Experience life on board during the race, as well as the anecdotes and nooks and crannies hidden in the boat.

Guided Tours are in Spanish and English on Fridays, Saturdays and Sundays. Prepare your visit on our website.

NAVIGATING HISTORY

The 50-year history of The Ocean Race has presented us with images that are impossible to replicate through any other human experience.

This compilation represents a curated selection of the most intriguing photographs pulled from our archives. Please, sail with us through this 50 years of history.

CELEBRATE YOUR BIRTHDAY

On Friday, Saturday and Sunday mornings you can celebrate your birthday with us in a different way. Come with your friends and family and choose from all the options we have to offer. We will also give you an invitation card for your friends to come with you to sail around the world. *Check the info. on the web.*

SATURDAYS AT THE MUSEUM

Every Saturday morning we will enjoy activities for the whole family related to sustainability, sailing and technology.

All our activities have been developed by a multidisciplinary team of educational experts, marine biologists and graphic designers.

Check our programme on the museum's website.

BEHIND THE SCENES

On the last Thursday of every month we invite you to find out a little more about the round the world sailing race and how The Ocean Race is organised: talks, screenings, meetings with sailing legends... more information on the museum's website.

EDUCATION

We offer a free school programme in Spanish, Valencian and English. The activities have four main themes:

HISTORY OF THE RACE
SAILING
SUSTAINABILITY
SCIENCE AND TECHNOLOGY
